D&J PROJECT UPDATES...

Greetings!

We hope you enjoyed your Summer and are ready to embrace Fall. Here, at D&J, we proudly wrapped up some projects our team worked collaboratively, efficiently, and tirelessly to complete on time, and within budget.

NEW PROJECTS

Since our last e-newsletter, we've had the good fortune of having been awarded several new projects which will carry us well past fall and into the winter construction season. We've hit the ground running...and with our shovels! Here's a sneak peek.

We are extremely thankful for this busy schedule, and continue to stay on task as we work to tie up our existing projects.

PROMOTING FROM WITHIN

David Snyder has been promoted to the position of Chief Estimator. In between running past projects in the field, David has worked in the office to bid and secure new work for Dunlop & Johnston, Inc. "His significant field experience and bringing that knowledge of 'what it takes to build it', along with his demonstrated effort in estimating and managing all things up through bid day, has grown my confidence in him to entrust this company's bottom line to his efforts to secure work at the right price', according to Randy Spencer, President of Dunlop & Johnston, Inc.

Spencer added, "The aforementioned, coupled with David's genuine desire to proactively manage and lead our estimating and pre-construction efforts, make him the logical choice. Promoting from within is also a tremendous testimonial to the fact that hard work pays back!"

NEW D&J TEAM MEMBER

Gina Pastuszynski joined Dunlop & Johnston, Inc. as their Marketing & Business Development Manager. "Ms. Pastuszynski brings us extensive marketing, networking, and real estate experience, which lends itself as a valuable combination in the construction industry. She'll be teaming up with Grant Raymond, Business Development/Project Manager, to help seek and secure new opportunities. As a team, their goal is to get our foot in the door with new clients, while maintaining relationships with past and current clients, to help keep our project pipeline filled", according to Randy Spencer, President of Dunlop & Johnston, Inc.

She began her career in real estate at Real Living Realty One in 2007, where she served as the Director of Marketing and served in various marketing roles prior. Ms. Pastuszynski has a B.A. in Business and Organizational Communications from The University of Akron.

EVENTS

Monarch Miles Charity Golf Outing

Dunlop & Johnston was a proud participant in this summer's Monarch Miles Charity Golf Outing at Lyons Den Golf Course on a picturesque day in beautiful Canal Fulton.

[Monarch Learning Lab](#) (MLL) focuses on educating people of all ages on the concepts and practices of sustainability. By providing hands-on learning opportunities, MLL engages participants of all educational levels with the hope of becoming a catalyst of change in their everyday lives. Additionally, MLL partners with local organizations to assist and enhance their current sustainability initiatives.

The Monarch Miles Program is designed to assist with the nationwide initiative to improve the environment for pollinators, MLL partners with groups and organizations around the country to implement pollinator corridors. In addition to funding these projects, they work with local native plant specialists to ensure the greatest impact.

University Hospitals Rainbow Babies & Children Fore The Kids Charity Golf Outing

The 12th Annual Fore! the Kids Golf Outing took place on August 6th at the serene Fowler's Mill Golf

Course in Cheshland. Mother Nature had other plans that day, but it didn't stop anyone from having a good time, and most importantly, raising \$50,000.00 for UH RBC.

Fore! The Kids raises unrestricted funds for [UH Rainbow Babies and Children's Hospital](#), totaling more than \$250,000 in money raised to-date.

Let's Discuss Your Project!

We want to hear about any opportunities you have or are aware of. We love rolling up our sleeves, brainstorming, and using our expertise to provide solutions. Our diverse and growing project portfolio is comprised of work in educational, healthcare, government, institutional, religious, arts/culture, recreational, and commercial industries. We're here and ready to go to work for you!
