

Norfolk Southern - Fuel & Service Facility

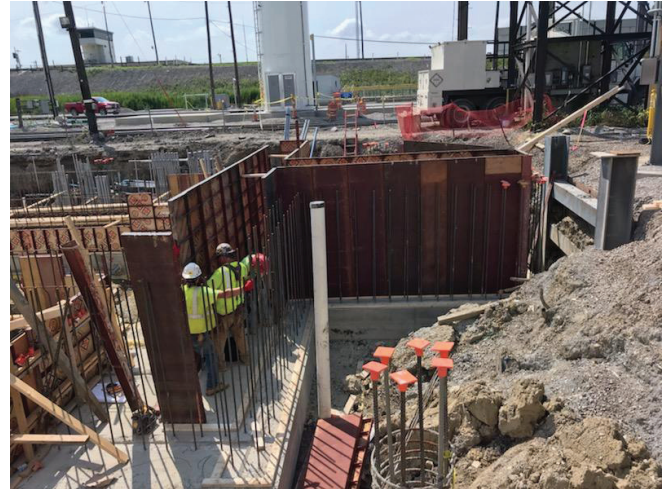

Bellevue, Ohio

PROJECT FACTS

Owner: Norfolk Southern
Architect: Urban Engineers
Location: Bellevue Ohio

Construction Type: General Contractor
Building Area: 14,350 SF

Project Value: \$4.65 Million
Completion Date: April 2020

KEY FEATURES

The Dunlop & Johnston team was hired as the General Contractor for the Norfolk Southern Fuel and Service Facility project in Bellevue, Ohio. The project consists of an open-air pre-engineered metal building with two dedicated tracks to fuel locomotives prior to leaving the yard. This facility has the capability to fuel six locomotives with ten dedicated fuel cranes and sanding capabilities. Project completion is scheduled for December 2021.

There's a reason we've been in business for over 100 years
